Old Business - **Easement Agreement on Montgomery Road:** Members discussed easement status. Members noted that before the easement could be agreed upon, members would need to review the easement document wording. Chairman Dave Kelly indicated he would follow-up with Ausbon Sargent for Conservation to review.

Website Page Items: Chairman Dave Kelly will speak with Gayle Landry about posting documents from Conservation on the town website. Items such as format, size, etc. Dave suggested a Groundwater Recharge article – What's in Your Drinking Water, etc. Guidelines for the postings would need to be reviewed by the committee. Any controversy would be put to a vote before posting. How long a posting would be on the website and how many will be determined by events, or we might have several items for maybe one month. Access to links that might be permanent on the web which could be added. Link items like dredge permits, groundwater monitoring permits, driveway permits, etc. What we are, and what we do, would live permanently on webpage. Members discussed a monthly newsletter on things we might want to share.

New Business - Members discussed the Land Use Tax and what can the funds from the tax be used for. Member Kathleen Doyle will follow up with April Rollins for a copy of the warrant article on this.
